Company Overview

Adler Electronics Private Limited, a company founded in 2011, which provides **all time new mechanism for switches in India that's make real revolution for switches technology**. Company also leading in manufacturing parts like, sockets, holders, spikes, adaptors, flex boxes and many other electrical accessories.

All products from **ADLER** have been developed to established new standards in electrical accessories. Commitment to premium designs, elaborate attention to engineering details, modern manufacturing facilities and stringent quality measures have combined together to create a new concept in safety, reliability, flexibility and modernity.

Each day **ADLER** engineers work to bring about a combination of innovative designs and materials using advanced manufacturing technology in order to create products that are best suited to meet consumer requirements.

ADLER has a full fledged, well equipped research and development division which works constantly to improve, innovate and engineer new products. This research and development division has a fully integrated product development environment that directs the development process throughout — right from conceptual design to manufacturing.

We continuously strive to upgrade processes and materials. *Master Piece* Series, Craft Series, Abby Series and *eVita* Series products thus ensure sound electrical performance.

The manufacturing plant is equipped with modern state-of-the-art machinery and equipment. In-house facilities for testing and quality assurance of all components ensures guaranteed quality. company also having a high precision mould making tool room with highly qualified staff. Extensive material selection process and rigorous quality monitoring process is followed for conformity to highest standards.

All **ADLER** products are designed for extreme endurance. Materials are chosen to withstand arduous conditions. Local wiring practices are carefully studied before designing of any new product at Adler. This ensures ease of installation and durability of the products.

Certificate of Registration

Certificate No. TQS/QMS/151202019101

This is to Certify that the Management System of the

Adler Electronics Private Limited

Plot No. G-1935/4+5/3, Almighty Gate, Lodhika GIDC,
Kalavad Road, Metoda, Rajkot 360021, Gujarat-India

*Has been independently assessed and found to be compliance
with the requirements of standard detailed below*

ISO 9001:2015

This Certificate Is Valid For The Following Scope

**"Manufacture & Supply Of Electrical Product Such As Switches, Shocket,
Fan Regulators & Dimmers, Frame, MCB, Motor Starter, Plug Tops, Holder,
Led Lamp, Spiked Adaptor, Flex Box, Door Bell And Electrical Accessories"**

Initial Registration Date	03 Dec. 2018	Issue Date	: 03 Dec. 2018
1 st Surveillance on or before	03 Dec. 2019	Valid Until	: 02 Dec. 2021
2 nd Surveillance on or before	03 Dec. 2020		

Managing Director
TQS Quality Certification Service

TQS Quality Certification Service,

B 203, Atharv Appartment, Virar Road, Nala Sopara, Mumbai 421 203.

The certificate of Registration remains the property of TQS Quality Certification Service
and shall be returned immediately upon request. for more information our website.
